PFOS / PFOA TREATMENT

Activated carbon** filtration can effectively reduce certain organic compounds and chlorine in drinking water. It can also reduce the quantity of **PFOS / PFOA**, lead, dissolved radon, and harmless taste and odor causing compounds.

Trusco Carbon Filters

≥ 90% reduction PFOS / PFOA*

Available sizes: 10" x 44" - 1.0 cu. ft.
10" x 54" - 1.5 cu. ft.
12" x 48" - 2.0 cu. ft.
13" x 54" - 2.5 cu. ft.
